THE AFTERMARKET BUSINESS UNIT

THE BEST OFFER FOR THE INDEPENDENT AFTERMARKET

Based in Verona, Italy, the Aftermarket Business Unit has been an independent entity since 2014 with a clear development strategy.

Comprising more than 100 professionals all over the world, it brings together various departments to offer excellent customer service: from product development to marketing (with the constant support of the sales force), from logistics (ensuring a precise, fast and flexible service) to quality (making sure the OE standards are always the same in the aftermarket range) and customer service (always alongside the customer).

Thirteen sales offices guarantee a widespread presence in all the key business for UFI Filters: Europe, China, India, North and South America and North Africa.

Aftermarket products are sold in over 70 countries in partnership with the leading distributors. The range consists of more than 2,850 car, heavy duty, agricultural and motorbike references.

The range is always being updated, taking full advantage of the powerfully innovative stimulus of the OE field to offer customers the best possible service. It guarantees a European car parc coverage of over 98% for each line: oil, fuel, air and cabin air.

OIL FILTERS

Spin-on, immersion and ecological solutions, with innovative filtration materials that ensure top engine performance with less consumption.

DIESEL FILTERS

Fitted with pioneering, exclusive filtering materials, they guarantee optimum engine protection and water-diesel separation of >95%.

PETROL AND LPG FILTERS

Filter the impurities from petrol and LPG, meeting the needs of the latest engines.

AIR FILTERS

Filter the impurities from the air, protecting the engine from corrosion and preventing any clogging of the injectors.

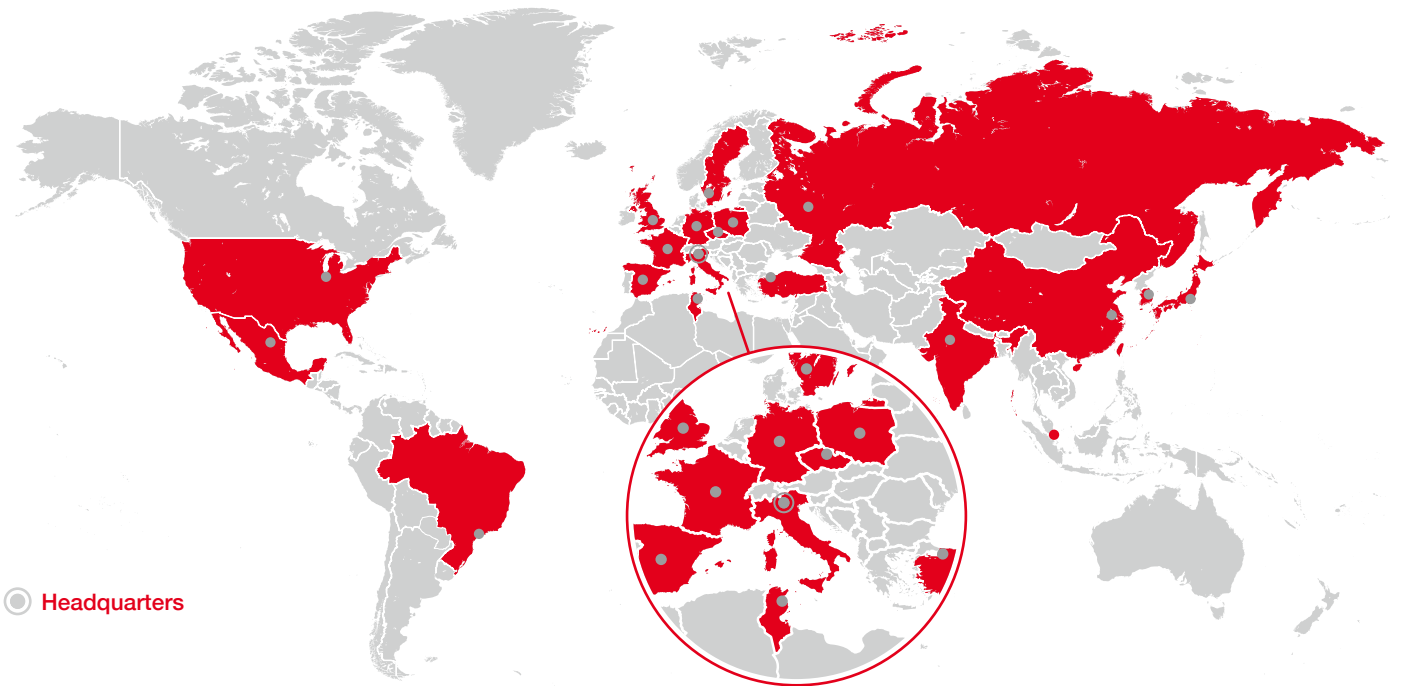

CABIN AIR FILTERS

Anti-pollen and activated carbon versions for the best air quality and comfort inside the passenger compartment, even in difficult environmental conditions.

THE GROUP BY NUMBERS

1971

Founded in **1971**, it's now a world leader in filtration technology and thermal management.

10

10 application sectors: from automotive (LV/HD), industry and hydraulics to special applications.

4.000

19 production plants and over **4,000 employees** in **19 countries** worldwide.

F1

Present everywhere, from **F1** cars to the **ExoMars** spacecraft.

95%

95% of vehicles manufacturers worldwide choose UFI Filters.

168

168 specialised technicians in the innovation and development centers in Italy and China.

206

206 patents at international level.

5%

5% of turnover reinvested in **R&D**.

6

6 lines of filters supplied: air, oil, fuel, cabin air, hydraulics and transmission.

>250

>250 co-branded products with the biggest OEM's.

CATALOGUE

EN

Although the content of this catalogue has been prepared with the utmost care and attention, it cannot be considered binding. Original part numbers are given for reference purposes only and cannot under any circumstances be printed on customer invoices. Original references for vehicle and engine manufacturers may be subject to modifications, and UFI FILTERS can not, therefore, accept any responsibility for inaccuracies that may have arisen. Should you have any doubts, we recommend that you consult your UFI FILTERS distributor for further information. This catalogue replaces and supersedes any previous editions.

IT

Le indicazioni contenute in questo catalogo sono state elaborate con la maggiore cura possibile, tuttavia non sono vincolanti. In caso di dubbio vi preghiamo di consultare il distributore UFI FILTERS. I codici dei costruttori di veicoli e di motori sono unicamente richiamati allo scopo di facilitarne la comparazione interna senza per altro stabilirne l'originalità. Non possiamo inoltre ritenerci responsabili per le variazioni apportate dai costruttori di veicoli e di motori susseguenti all'uscita di questo catalogo. I numeri originali indicati in questo catalogo non possono in alcun caso apparire sulle fatture della clientela. Questo catalogo sostituisce tutte le edizioni precedenti.

FR

Les informations techniques contenues dans ce catalogue ont été contrôlées avec le plus grand soin. Toutefois, celles-ci peuvent faire l'objet de modifications et sont données à titre indicatif. Elles ne sauraient engager la responsabilité de UFI FILTERS en cas de dysfonctionnement. Nous vous recommandons de consulter votre distributeur pour plus de précision et de toujours vous référer aux données et préconisations des constructeurs. Ce catalogue annule et remplace la version précédente.

DE

Die in diesem Katalog enthaltenen Informationen Angaben sind mit der größten Sorgfalt erarbeitet worden, dabei sind sie nicht bindend. Im Zweifelsfall bitten wir Sie einen UFI FILTERS Wiederverkäufer zu konsultieren. Die Artikelnummern der Fahrzeughersteller und Motorenhersteller sind lediglich zu Vergleichszwecken aufgeführt um die Vergleichbarkeit zu erleichtern ohne auf die Herkunft hinzuweisen. Ebenso sind wir nicht verantwortlich für Änderungen, die von den Fahrzeugherstellern und Motorenherstellern nach Erscheinen dieses Katalogs vorgenommen werden. Die in diesem Katalog aufgeführten Originalnummern dürfen auf keinen Fall auf Kundenrechnungen erscheinen. Dieser Katalog ersetzt alle vorangegangenen.

ES

Las indicaciones contenidas en este catálogo han sido elaboradas con el mayor cuidado posible, si bien no nos responsabilizamos de cualquier posible error. En caso de duda, sirvanse consultar a su Distribuidor UFI. Las referencias originales de los constructores de los vehículos y de los motores se dan únicamente a efectos de comparación. Los constructores pueden modificar en cualquier momento las denominaciones de sus fabricados. Por tanto, UFI no se hace responsable de las variaciones que pudieran producirse después de la edición de este catálogo. En ningún caso, las referencias originales indicadas en este catálogo pueden aparecer en las facturas a los clientes. Este catálogo sustituye cualquier publicación anterior.

GUARANTEE

EN

The production methods used for UFI branded filters guarantee the highest possible levels of quality and safety for our products. We maintain these levels of both quality and safety through the rigorous controls that are carried out on raw materials, during the production process, and on the finished product. Thanks to these methods and tests, UFI branded filters guarantee maximum performance. Should an imperfect product reach the market in spite of our quality control procedures, then subject to testing in our laboratory UFI FILTERS is willing to assume the responsibility for any damage caused by said product.

IT

Tutte le fasi di produzione dei filtri UFI sono state concepite in modo tale da garantire il massimo della sicurezza qualitativa dei prodotti. La costanza della qualità ed un alto standard qualitativo vengono assicurati mediante rigorosi controlli sulla qualità delle materie prime in entrata, durante ed alla fine del ciclo produttivo. Pertanto i filtri UFI garantiscono una perfetta funzionalità. Se, nonostante i nostri accurati controlli prima, durante e dopo la produzione, un pezzo non perfetto dovesse giungere sul mercato, UFI FILTERS è disposta ad assumersi la responsabilità per i danni provocati dal filtro imperfetto.

FR

UFI FILTERS assure un très haut niveau de qualité dans la fabrication des filtres qui sont commercialisés dans sa gamme. Les méthodes de production sont rigoureusement contrôlées ainsi que la qualité des matières premières utilisées. De nombreux tests sont effectués et permettent de garantir les meilleures performances des produits. Toutefois, si l'un des produits commercialisés par UFI FILTERS était reconnu comme étant défectueux par le service "Contrôle Qualité" cela donnerai lieu à une prise en charge, par UFI FILTERS, de toutes les dépenses qui découleraient de ce défaut.

DE

Sämtliche Schritte der Produktion von UFI Filtern sind ausgerichtet, um ein Höchstmaß an qualitativer Sicherheit der Produkte zu bieten. Rigorose Qualitätskontrollen beim Wareneingang des Rohmaterials, während und am Ende der Produktion sichern ständig einen hohen Qualitätsstandard. Daher garantieren UFI Filter eine perfekte Funktion. Sollte trotz unserer Kontrollen vor, während und nach der Produktion, doch ein nicht einwandfreies Teil in den Handel gelangen, ist UFI FILTERS bereit die Schadenhaftung nach den gesetzlichen Bestimmungen zu übernehmen.

ES

Cada paso en la fabricación del filtro UFI se ejecuta de modo que se garantiza la mejor calidad y fiabilidad del producto. La constancia y alto nivel de calidad están aseguradas mediante rigurosos ensayos de calidad, tanto de las materias primas como durante todo el proceso de producción. Por tanto, el filtro UFI esta virtualmente garantizado para funcionar perfectamente. No obstante, si a pesar de los exhaustivos ensays previos, un filtro defectuoso llegara al mercado, UFI acepta la responsabilidad del daño, única y directamente atribuible a un defecto de fabricación en el filtro.

WEB CATALOGUE

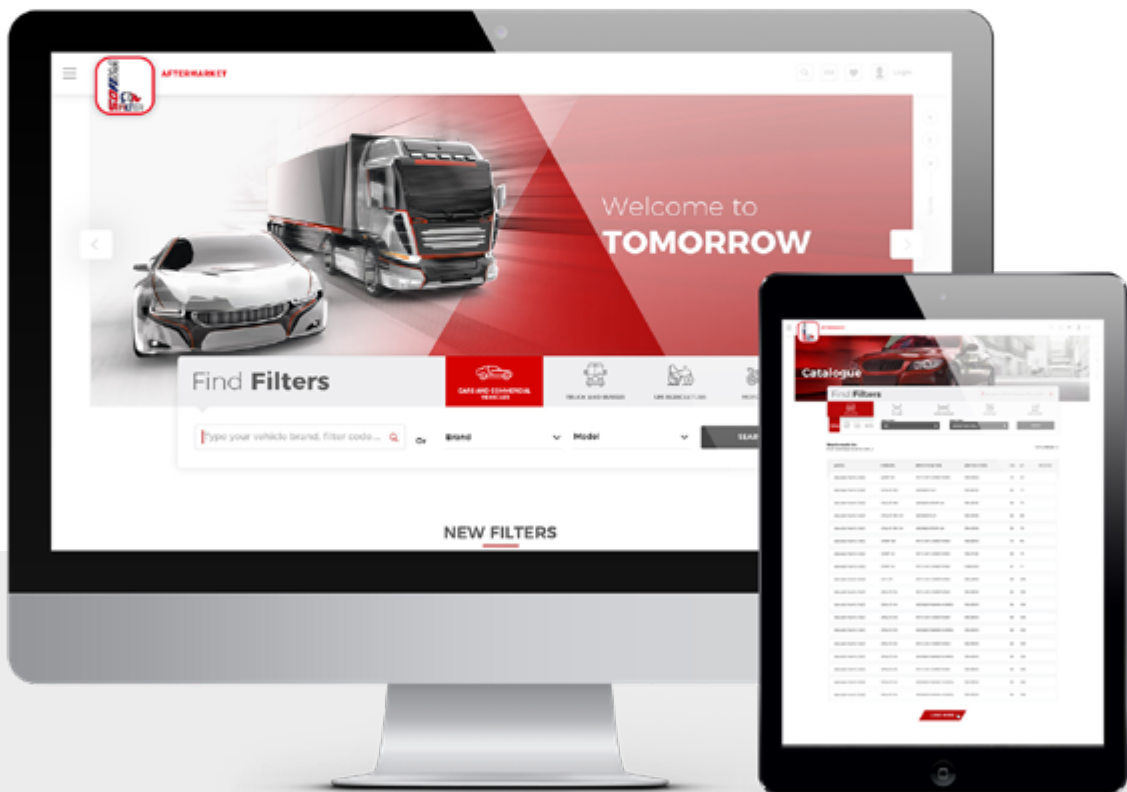

Updated in real time.

Available in **8 languages**.

Possibility of browsing by catalogue type, brand, model and version.

Possibility to browse the **New Filters included** in the range by selecting the period of interest.

Simple and clear symbols to identify the type of product and to see which filters are "available", "in preparation" or "under review".

BROWSE OUR ONLINE CATALOGUE
